Dear Friend of Public Education:

The PCEA is holding it's widely popular Comedy Night on March 24, 2010.

But as we all know, educating our children is serious business and no laughing matter. It takes plenty of hard work and dedication to prepare our students to become responsible citizens of the future. In my opinion, no one does it better than the 11,000 members of the Passaic County Education Associations. Our members are involved in every aspect of public education, from driving our kids safely to school to providing quality food at lunch, from keeping the school safe and clean to instructing and preparing them with the skills that will last them a lifetime.

There are over 85,000 students in Passaic County public schools. More than 92% of our students graduate high school and 2 out of every 3 students go on to institutions of higher learning.

Educating a child today involves everyone. That's why I am personally asking for your support. Please join us for a great evening. Take an ad out in our unique "ad-ertainment" journal or just make a donation to this worthwhile event. All proceeds will be used to continue our fight to ensure a well funded public school system and to give every child in Passaic County the best educational opportunities possible. Help us make a difference in a child's life.

Thank you for your support. Help us make a difference.

"Together we can....Together we will!!"

Joseph F. Cheff
President
